About health care for short term stays:

- At minimum, a staff member with First Aid and CPR is present at all times when campers are on property.
- Volunteers should arrive ready to participate in the program.
- Blue Lake does not require adult volunteers to check in their medications upon arrival. We ask that all volunteers handle their medications responsibly and keep them out of reach of campers when possible.
- FAQ: Why do we ask for medication information for adults if we do not check it in? We do this in case of emergency. If something were to happen while you were at camp and you were unable to communicate with Health Care professionals about your health history, we want to be able to get you the care you need!
